## Course Description

Time is of the essence for most school librarians and this course gives you the opportunity to create visually exciting, professional-looking displays in minutes with a minimum of pre-installation preparation, using a range of cheap and readily available materials.

Participants can expect to learn about :

- the tools of the trade
- creating a 3-D effect
- using leaflets, brochures etc. to enhance children's work
- using colour to catch the eye
- making themed displays using props
- suspended displays
- stapling to everything!
- displaying books and clothing
- displaying and creating costumes

You will also be able to try out your new expertise in group workshops.

**A range of display equipment and materials will be on sale and there will be ample opportunity to browse and buy.**

## Programme

9.15.....	<i>registration and coffee</i>
9.30-11.30....	Session 1

2.45- 3.15....	<i>refreshments &amp; shopping</i>
3.15.....	<i>close</i>

## The Trainers

The Alternative Display Company is well-known for its extremely informative and highly enjoyable courses on creating displays and has been operating for over twenty years. Pauline Carr began her career as an on-the-road window dresser in 1974 but has since dressed exhibition stands at all the major centres, including Olympia, the Barbican and the Birmingham NEC. Chris Forward is a veteran of the display trade with over thirty years experience and still installs in-store and window displays in many of the capital's best-known stores.

**£75 SLA Members; £85 Non-Members – includes refreshments & lunch**
